## ROCKSTAR ENERGY HUSQVARNA FACTORY RACING'S DALTON SHIREY FINISHES SECOND AT AMA BIG 6 GP

Round four of the AMA Big 6 GP series took place this past weekend at the 29 Palms Rodeo Grounds, hosted by Hilltoppers GP. Weather was in the 80's with dry and dusty conditions making for some sections that had low visibility.

Rockstar Energy Husqvarna Factory Racing's Dalton Shirey had a poor start but immediately raced hard to make passes, finishing the first lap in 5<sup>th</sup> place. His speed and consistency moved him up to behind the leader and battles ensued. Shirey would take the lead the past few laps with the competition directly behind him. As the last lap finished up, he lost the lead, and finished second in the Pro class.

Dalton Shirey: "My FX 450 ran amazing this race and I really pushed to stay ahead. Unfortunately that's racing and I lost the win on the last lap, but moved up into second place for points."
